Physical Properties

- Solubility: Soluble in water. Soluble in ethanol. Insoluble in acetone. Insoluble in oils.

Shelf Life & Storage

- Shelf Life: 3 years from date of manufacture under recommended storage.
- Storage Conditions: Store in a cool, dry place at 15–25°C, away from direct sunlight, heat, and moisture. Keep the container tightly closed in the original packaging and store in a well-ventilated area to protect the extract from humidity and maintain its quality and stability.

Applications

- Use: Widely used as a natural source of glucomannan in dietary supplements, functional foods, and nutraceutical formulations. It is commonly used to support digestive health, healthy cholesterol levels, weight management, and overall wellness. It also functions as a thickening agent, gelling agent, stabilizer, and dietary fiber in food and beverage products.
- Dosage: Depends on the intended formulation, glucomannan content, and application. It should be used according to product formulation requirements or as directed by a qualified healthcare professional. The appropriate dosage varies based on the product type, intended use, age, and individual health needs.

Packaging

- Standard Packing: 25 Kgs pp bag with inner liner and 1 Kgs or as per customer requirement.
 - Labeling: Product name, batch number, net weight, manufacture date, expiry date, and manufacturer details.
- * Specifications are based on the manufacturer's provided specifications.
